

IPM

ALGEBRAIC GEOMETRY

IMMERSION PROGRAM

THE SCHEMEATHON

The School of Mathematics of the Institute for Research in Fundamental Sciences (IPM) is organizing a seven-day residential Algebraic Geometry Immersion Program at Khansar Campus of University of Isfahan. This program is part of the Decoding Dimensions long-term initiative at IPM. Designed for students who have completed an introductory course in scheme theory, the program emphasizes mathematical fluency through intensive problem-solving, collaborative discussions, mini-projects, and guided exploration of selected topics in Algebraic Geometry.

Date: August 8th to 14th, 2026.

Venue: Khansar Campus, University of Isfahan, Khansar, Iran.

For further details, please visit <https://decoding-dimensions.ir/home/schemeathon/> or contact the organizers at agnt@ipm.ir.

We look forward to seeing you in Khansar!

Organizers:

- Mohammad Hadi HEDAYATZADEH
- Aliakbar HOSSEINI
- Ali Partofard
